## NOTICE OF RECIRCULATION

### **INTENT TO ADOPT A RECIRCULATED MITIGATED NEGATIVE DECLARATION FOR THE COYOTE CANYON NATURAL RESOURCES MANAGEMENT PLAN & INTERIM ACCESS PLAN**

The County of Santa Clara, Parks and Recreation Department (Department) has decided to recirculate the Draft Initial Study/Mitigated Negative Declaration (IS/MND) for the Coyote Canyon Natural Resources Management Plan & Interim Access Plan (Proposed Project). The Draft IS/MND for the Proposed Project was previously circulated for a 30-day public review period from April 30, 2019 to May 30, 2019. During the public review period, a comment was received from the San Francisco Regional Water Quality Control Board. The comment identified additional permitting requirements for portions of trails that may occur in waters of the United States which fall within the jurisdiction of the U.S. Army Corps of Engineers (USACE). Although the Department is not obligated to do so, it opted to recirculate a Draft Revised IS/MND for the Proposed Project for a 30-day public review period beginning on August 13, 2019 and ending September 13, 2019 to ensure that USACE has a full opportunity to comment on aspects of the Proposed Project that may implicate waters within USACE's jurisdiction. Any person, agency, or entity may comment on the Draft Revised IS/MND in its entirety during this additional 30-day public review period.

The County of Santa Clara, Parks and Recreation (Department) is recirculating the Initial Study/Mitigated Negative Declaration (IS/MND) for the Coyote Canyon Natural Resources Management Plan & Interim Access Plan (Proposed Project). The IS/MND for the Proposed Project was previously circulated for a 30-day public review period beginning April 30, 2019 and ending May 30, 2019 and was submitted to the California State Clearinghouse (SCH# 2019059009). During the public review period, the San Francisco Regional Water Quality Board submitted a comment that identified additional potential permitting requirements for portions of trails that may occur in waters of the United States which fall within the jurisdiction of the U.S. Army Corps of Engineers (USACE). Although the Department is not obligated to do so, it opted to recirculate a Draft Revised IS/MND for the Proposed Project for a 30-day public review period beginning on August 13, 2019 and ending September 13, 2019 to ensure that USACE has a full opportunity to comment on aspects of the Proposed Project that may implicate waters within USACE's jurisdiction. Any person, agency, or entity may comment during this additional 30-day public review period.

Text changes to the Draft Revised IS/MND are identified in underline for additions and ~~striketrough~~ for deletion. All public and agency comments on the Draft Revised IS/MND must be in written or email formats. Comments regarding the correctness, completeness, or adequacy of the Draft Revised Mitigated Negative Declaration should be based on specific environmental concerns. For public agencies, when submitting comments please identify a contact person, and send your response to:
